

FY2011 Appropriations Request Form

Office of Congresswoman Jackie Speier
211 Cannon House Office Building
Washington, D.C. 20515
Phone: 202/225-3531
Fax: 202/226-4183
Website: www.speier.house.gov

Individuals/Organizations must respond to all questions on the form. Incomplete proposals will not be considered.

All appropriations project requests will be presented to and evaluated by the 12th Congressional District's Citizens Oversight Panel, made up of community leaders. **This year's panel meetings will be held on February 26, March 5 and March 12, 2010 in the 12th Congressional District.** Appointments to appear before the panel must be made through Cookab Hashemi, Chief of Staff, at 202/225-3531 or via email, Cookab.Hashemi@mail.house.gov.

IMPORTANT NOTE: All information provided on this form and any supporting documents will be made available to the public on the Congresswoman's website.

**DEADLINE: Forms are due by Friday, February 12, 2010
@ 6:00 p.m. (P.S.T.)/9:00 p.m. (E.S.T.). Project requests submitted after that
date will not be considered.**

Date Submitted

January 2010

Project Name

Pacific Manor Trunk Sewer Slipline Project

Individual/Organization

City of Pacifica's Wastewater Division of Public Works

For examples of applications submitted last year, please review information at <http://www.speier.house.gov> under the section "12th District". Please note that some questions in the application may have changed from last year's form. The agency and/or policy area preferences of last year's panel are not binding for this year.

Amount Requested

\$2,000,000

Appropriations Bill/Account/Relevant Authorization law/bill/status

Energy and Water Appropriations – Corps of Engineers – Construction

Local Contact

Dave Gromm, Wastewater Division Director

Organization's Main Activities

The City of Pacifica's Wastewater Division is responsible for the collection and treatment of the City's wastewater.

Please show main items in the project and total cost in a simplified chart form.

Sipline Project	
Design	\$10,000
Construction	\$1,990,000

Project Description, including a timeline, goals, expected outcomes and specific uses of Federal Funds.

The project consists of repairing the trunk sewer main serving the Fairmont and Pacific Manor neighborhoods of Pacifica by a Cured-in-place-process (CIPP) of pipe repair. The Federal funds would be used to design and construct this project. The estimated project time is two months.

For examples of applications submitted last year, please review information at <http://www.speier.house.gov> under the section "12th District". Please note that some questions in the application may have changed from last year's form. The agency and/or policy area preferences of last year's panel are not binding for this year.

How will this project request serve to expand the capacity of your organization and how will your organization sustain this work beyond the federal funding?

The labor requirements to accomplish this project are approximately eight to ten individuals which would be provided by the contractor hired for the project. Once the project is completed the maintenance requirements would be minimal and it would be taken care of by in-house and existing personnel.

Can this proposal be funded via fees levied on users of the service or via the ordinary capital budgeting process of the organization?

The proposal could be funded via fees levied on the users of the service or via the ordinary capital budgeting process of the organization but would probably require an increase in sewer rates.

What is the local significance of this project?

The trunk sewer collects wastewater from approximately 15,000 residents and it has experienced significant hydrogen sulfide damage. A catastrophic failure from this sewer would severely pollute the drainage system of Pacifica and ultimately the Pacific Ocean.

How many residents of the 12th CD will benefit from this project?

The project will require about eight to ten individuals working for a two month period. The refurbished sewer serves approximately 15,000 residents of Pacifica.

Please explain the federal interest in this proposal (i.e. meets a stated objective of federal policy, supports a federal agency, is the result of a federal law/mandate, etc.)

The Pacific Manor Trunk Sewer Main has hydrogen sulfide damage to the interior pipe wall and there is the possibility of failure in the near future if it is not repaired. An overflow from this sewer would cause pollution to the surrounding waterways of Pacifica as well as the Pacific Ocean which is less than a mile away.

For examples of applications submitted last year, please review information at <http://www.speier.house.gov> under the section "12th District". Please note that some questions in the application may have changed from last year's form. The agency and/or policy area preferences of last year's panel are not binding for this year.

List any other organizations or state/local elected officials who have expressed support for the project in writing.

There are no writings in support of this project by any other organizations or state/local elected officials.

Does the organization have any other funding requests for this project?

There are no other funding requests for this project.

Has the organization previously received Federal funds for this project?

The organization has not previously received any Federal funds for this project.

Has the individual and/or organization submitted the project request to other Member offices? If so, please identify below the names of the Members of Congress and staff persons.

We have not submitted the project request to any other offices.

Please attach a list of your organization's staff and board members from 2005 – 2010.
